

Cling Film Slitting Machine

Model :PPD-CFSR1000

Cling film slitting machine is design for the jumbo roll of PVC cling film, PE cling film into sub rolls by slitting rewinding station.

It is multi-functional model to work as a standard cling film rewinding machine to rewind the jumbo roll into a smaller diameter machine roll or hand roll.

This model can serve to user for multi-purpose converting of slitting and rewinding for different stretching material, it is high speed, simple in operation, cost effective.

Main data:

Name: Cling film slitting machine

Model: PPD-CFSR1000

Material : PE/PVC cling film, PE stretch film

Mother roll width: 1000mm

Mother roll inner diameter: 3inch

Mother roll outer diameter: 450mm

Finish roll width: max 1000mm
